

The image is a promotional graphic for 'AMOUR VERT' Holiday 2024. It is split into two vertical panels. The left panel features a close-up of a woman's face and shoulder, looking slightly away from the camera. She has light brown, wavy hair and is wearing a white lace-trimmed top. The right panel shows a stack of three old, thick books tied together with a piece of twine. Dried, small yellow flowers are tucked into the top of the books. The books are resting on a surface covered with various knitted sweaters in shades of beige and mustard yellow. The overall aesthetic is warm, cozy, and romantic.

Cupro is a semi-synthetic fabric made from cotton waste that has a silky feel, is cool to the touch and known for its eco-friendly production process.

Cupro is a regenerated cellulose fabric made from cotton linter, which is the tiny fibers of cotton seeds that are too small to be spun into cotton yarn.
